Wearing a mask

Masks are uncomfortable, but we have to wear them to protect ourselves and other people.

We do not have to wear masks when we are at home. Only if we go to the shops, school or any other place.

Even if we wear masks we need to stand 1,5 meters away from our friends. We also need to regularly wash our hands or use hand sanitiser.

A mask protects us against the virus when a person sneezes or coughs.

Wearing a mask is different, but we can do it and it will be okay.
